

THE STUDIO | July 2024

Dear Partners in the Great Commission,

Brian approached me today and asked about guitar lessons. Brian is already a believer, and my approach to everything is discipleship. I explained to him that playing guitar almost always leads to a position of leadership and attention. For this reason, my lessons will include leading worship, and turning attention towards God, rather than yourself.

He was surprised by my response, but seemed even more interested than before. **Youth today need to discover a higher purpose.** Turning a self interest, into a service to God and others, is one of the greatest steps of maturity and discipleship.

Thank you for praying, volunteering, and financially partnering with the YFC Studio Ministry,

Art Ellingson YFC Studio Ministries Area Director
