

Dear Youth For Christ Partners,

Recently Jordan* came over to our acreage for the afternoon and we rode on a four-wheeler on the trails by our home and shot a BB gun at a target. It was a fun afternoon! We had been talking about doing this for some time.

While we were filling up the gas tank of the four-wheeler, Jordan talked with me about a girl that he likes at school. Jordan was discouraged because one of his friends started dating the girl that he liked. I could tell that this was very hard for Jordan.

We ended up talking about how it's important for Jordan to have a relationship with God and to **have God there when he's feeling lonely and left out**. I told Jordan that God is always there for His children and that God says in the Bible, "*I will never leave you nor forsake you*".

I said to Jordan that I would often get lonely too when I was younger and that having a relationship with God gave me peace and joy in my heart that I didn't have before I met His son Jesus Christ.

I told him that Jesus loves him and that Jesus died for his sins and rose again. I also encouraged Jordan to come to church with me sometime. Please pray for Jordan's salvation and that he will come to church!

Would you help us reach more kids with the Gospel by considering a gift to our ministry? You can give by sending your donation in the mail, or you can give online at: <https://www.scmyfc.org/give> and click "Blue Earth Area."

* name has been changed

Sincerely,

Aaron Evenson

Blue Earth Area Director
